FIRST OVERSEAS DISCHARGE

OAHU, T. H.—Marine Sergeant Patricia E. Boyle, the first woman Marine to be discharged overseas, received her honorable discharge papers from Marine Major Marion Wing, commanding officer of the Women's Reserve Battalion at the Moanalua Ridge Camp on Oahu. Sergeant Boyle, the daughter of Mrs. Nettie M. Boyle of 1010 Santa Fe Ave., Albany, was required to submit an application for the overseas discharge to Marine Corps headquarters, giving evidence of employment and residence here. Patricia will be employed by a Honolulu firm and is planning to live with another WR who has also applied for a discharge here. She came to the Hawaiian Islands with the first detachment of women Marines in January, 1945.

NEW BLEACHERS FOR ALBANY PLAYGROUND

Plans for athletic bleachers for Albany's Memorial Park were underway today following recommendation by E. C. Blow, chairman of the Park Planning and Zoning Commission, to the City Council for approval Monday night.

Funds will be appropriated from the park budget.

Other business taken up by the Council included revocation of all civilian defense measures which were passed during the war, final appointment of two non-certified firemen and approval either of the sale for a nominal sum or assignment of one truck to the school department.

The assignment of the truck was recommended by City Engineer F. Ulric Grey, who said trucks, lent to the School Department remained under the maintenance division of the city and required considerable repair time. Direct gift or sale of one truck to the schools would place maintenance under the school.

Monday's district meeting at Trinity Church in Berkeley, were the Mesdames: A. L. Magazin, R. E. Crane, Charles Ott, Lloyd Hogan, F. Bliz, E. L. Stine and C. E. North.

BAPTISTS PLAN NEW BUILDING

Sunday, November 18th marked the beginning of a drive for funds by the First Baptist Church of Albany, to erect a \$60,000 church plant on the church property located on Portland Avenue between Pomona Ave. and Key Route Blvd.

The building planned is of Romanesque design in three units, a sanctuary, a chapel and social hall and a Sunday school and business unit. The initial unit to be erected will be the sanctuary having a seating capacity of 450. A unique feature of the building design provides for a chapel court in which open air services may be held during the summer months.

There is an urgent need for adequate facilities to house the religious activities of the Baptist church which has outgrown its present building under the leadership of Rev. A. O. Odegard, who was called as pastor a year ago from the Covenant Baptist Church in Chicago.

The citizens of Albany will welcome this community improvement and in their usual wholehearted cooperation will lend every assistance and support to this undertaking.

Tully Knoles, C.O.P. President, To Speak Here

Dr. Tully C. Knoles, President of the College of Pacific, at Stockton, will be the guest preacher at the 11 o'clock service in the Albany Community Church, next Sunday morning, December 2nd. The public is cordially invited to attend.

Dr. Knoles is a member of the California Conference of Methodist Churches; has been president of the College of Pacific for over a quarter of a century; and is one of the best known educators and speakers on the Pacific Coast.

The Church is on Marin Avenue at Stannage.

OFFICERS ELECTED BY ALBANY SCOUT BOARD

At its regular meeting held Nov. 20, the Albany District Committee of the Boy Scouts of America held its election of officers for the coming year.

Mason Layton was reelected chairman and Carl Temple was elected vice chairman for the district.

W. E. Boemer was proposed as District Commissioner and the following men were suggested as chairmen for the Operating Committee positions: John Robins, Leadership Training Committee; Lloyd Hogan, Camping and Activities; O. T. Stone, Health and Safety Committee; Earnest Hanson, Finance Committee; E. A. Coe, Advancement Committee and E. L. Barrett, Organization and Extension Committee.

These men have all had a wide Scouting experience and it is felt that Scouting will continue to prosper in Albany under their leadership.

Santa Claus to Pay Visit to Albany

Santa Claus is going to Albany with a real sack full of treasure.

That's the word from Duke Sallee, manager of the Mechanics' Bank of Richmond (Albany Branch). The Albany branch bank will hand out \$32,000 in Christmas checks tomorrow, December 1. Mr. Sallee announces, savings that Albany has been getting together to make this a real Yuletide, the first peacetime Christmas in many years.

BUILDING BOOMING IN ALBANY

Albany is in the midst of the biggest building construction program in its history.

That's the statement of City Engineer F. Ulric Grey. Last month's permits called for a total expenditure of \$345,318 and included an \$18,000 machine shop, a garage to cost \$8000 and seven homes at a total of \$77,300. For the same month in 1944, construction totalled \$20,300.

At the present time there are 19 homes under construction, scattered throughout the city and ranging from small, compact cottage types to spacious, streamlined moderns.

Remodeling and additions to Ellis Mortuary buildings at 727 San Pablo Ave. will cost more than \$25,000 when completed. Original plans called for \$13,000 but increased release of needed materials encouraged further improvements.

Construction was underway also for a \$24,000 motel of novel design intended to furnish hotel conveniences with home privileges.

Three store buildings are well on the way to completion at a total value of \$18,000.

Total value of permits issued for the year up to Nov. 1 was \$345,318. For the same period last year construction costs for which permits were issued reached only \$139,647.

ALBANY HIGH BOY REPORTS EXPERIENCES ON TOUR OF JAPAN

With censorship lifted, Albany High boys overseas are really spreading themselves in letters to parents and friends. T/3 George (Crosby) Lenfestey is in Japan where he plays bass horn in the 32nd Division Band stationed at Fukuoka on the Island of Kyushu, about 75 miles from Nagasaki. He is also a member of a ten-piece dance orchestra who plays for U. S. O. shows and officers and enlisted men's dances.

He writes: "We rode through the Sesebo Naval Base, a beautiful job of fortification and camouflage. All repair shops were underground and the cliffs from the sea contained a maze of tunnels. It's a good thing that an invasion was not necessary."

"The town of Sesebo has quite a few buildings in the western style with modern complete railroad station with a rest room that was used by men and women alike. All the ex-soldiers wear uniforms as there are no clothes available. Although the school system has been changed, the kids from five on up still wear their uniforms and we saw them in formation to march to school, saluting their superiors like mad."

"The Japs do clean up their ruins. All the bricks, pipes, stoves, sheet iron, etc., were piled in neat piles and the plaster cleaned up as much as possible."

"We just got our cigarettes and candy rations and the door is filled with 6 year old kids asking for a hand out. What can you do when a thing like that happens—they're our enemies but still they're kids."

"The Japs loaded our instruments in the baggage car. We met the

conductor who was 24 and had been in the Army three years. He was trying to learn English so we helped him out. We passed the Yawata Steel Works, one of the biggest mills in Japan. The mills hadn't been touched but the city was in ruins. We switched to an electric locomotive for the trip through the tunnel and I rode in the cab and the engineer explained everything by sign language.

"I have been in town (Fukuoka) a few times picking up souvenirs and like it much better than on Luzon. The prices are very reasonable. You can get a hair cut and shave for 12 cents. We get a fifth of beer for 2 yen or about 12c or anything you want for a few packs of cigarettes, sugar or chocolate. The geisha house is strictly off limits and is guarded by four M.P.'s."

"A nearby school asked us to play for a field day. They stopped the foot races and cheered wildly when the band showed up, and everyone seemed to appreciate it. And then yesterday we were asked to play at a picnic. We were greeted by a tough looking Jap who looked as if he might have been a Judo instructor. He bowed deeply and greeted each of us personally as he ushered us onto the field. We played at least a dozen numbers in concert formation and got applause and cheering before and after each number. When we finished, our host took us to the place of honor where we were served beer and tangerines, and watched the races and games."

"Say hello to everyone and will be seeing you about a year from Christmas."

HIGH SCHOOL TO HAVE NEW SWIMMING POOL

A new swimming pool, as well as additions to the Albany High School combination auditorium-gymnasium are virtually assured it is announced by William G. Woolworth, assistant superintendent of Albany Schools.

At a special session of the Albany Board of Education an offer of \$33,950 for four houses and four lots having a frontage of 144 feet on Pomona Ave., made by the property owners' attorney, George Gelder, was accepted. Although the price offered by the attorney set each parcel \$500 above the price previously set by an appraiser, the offer was accepted following a motion made by Charles Graeber and seconded by Mrs. Delsa Walton.

Myles S. Perkins, vice president, presided in the absence of Board

President Robert G. Larson, now in Chicago on business. The lots, 110 feet deep, are located from 626 to 634 Pomona Ave.

Earlier in the year the parcel of land at 636 Pomona Ave. was purchased by the Board of Education. The Albany School District now owns all the land between Pomona Ave. and Key Route Blvd., from the Albany High School south to the Albany Baptist Church.

Houses on the newly purchased property are to be vacated May 1.

The Daylights

today . . .

pacemakers for trains to come

Every day Southern Pacific's luxurious streamlined *Daylights* join San Francisco with Los Angeles in a glorious daylight trip. One *Daylight* streaks along the California coast, over the Santa Lucia Mountains and along the blue Pacific Ocean shore for more than a hundred miles. Another *Daylight* travels over the rugged Tehachapi Mountains and through the great San Joaquin Valley.

The *Daylights* are among the most popular trains in America and the most beautiful trains in the world.

Aboard these luxurious red and orange streamliners you enjoy enormous "showcase" windows five feet wide, soft foam rubber seats, fluorescent lighting, a low-voiced public address system to announce station stops and points of interest, baggage elevators, complete air-conditioning, smooth gliding motion thanks to ingenious tight-lock couplings between the cars.

Modern ideas such as these, tested in years of daily service on Southern Pacific's *Daylights*, the *Lark*, the *City of San Francisco* and the *Sunbeams*, gave us a head start in designing the trains to come.

S-P

The friendly Southern Pacific

tomorrow . . . Southern Pacific is planning more streamliners, and will have them on our four major routes as fast as conditions permit. These new trains will be the finest the world has seen. Watch for the new Southern Pacific streamliners. Then it will be more exciting than ever to "try the train."

CHILDREN'S HOSPITAL BENEFIT SHOW DEC. 8

Sponsored by Redwood Branch of the East Bay, the annual Children's Variety Shows will be given this year on December 8, with performances scheduled for 10 a. m. and 2 p. m. in the Oakland City Club theatre, 1428 Alice Street.

Tickets for the event, a sellout in past years, are now on sale at Sherman and Clay Co. in Oakland, and at Tupper and Reed in Berkeley. Mail orders are being filled by Mrs. T. A. Westphal, Jr., 104 Regua Road, Piedmont, phone PL 3713W. All seats are 75 cents, including tax.

Professional entertainers will be featured in the four specialty acts included in the program. A magician, animal act, tumblers, and Walter Scott's famous marionettes in a performance of "Puss and Boots" will be presented.

Santa Claus will make a personal appearance at both performances, taking part in a short prologue to the specialty acts, and presenting each child with a free gift. A giant Christmas tree and holiday decorations are being planned.

Youngsters from all parts of the East Bay are expected to attend. The entertainment is planned for children of all ages.

Mrs. Charles G. Johnson is chairman of the shows, assisted by Mrs. John O. Rosefield, Mrs. Val Strough, Mrs. Madison Howell, Mrs. J. G. Pahl, Mrs. J. L. Schwoer, Mrs. Harold Sheldon, Mrs. Louis Gerhardt, Mrs. Charles Pratt, Mrs. D. L. Lewis, Mrs. Lloyd Burke and other members of the branch.

The groom was recently discharged from the army. He met his bride-to-be while stationed here before going overseas.

Mr. and Mrs. Bray, after a month's honeymoon in the east, will make their home in Albany.

The bride is the niece of Mr. and Mrs. B. J. McOwen of Albany, who have been residents of this city for the last 5 years.

Hestia Club to Hold Yule Party

The Codornices Club House will be the scene of the Gay Nineties Christmas party for Hestia Club members and their husbands at 7:30 p. m. tomorrow evening, Dec. 1. Plans for the party have been made by hostesses Mrs. Ben Vaughan, Mrs. Walter Norton and Mrs. Irvin Pollard and an evening of fun and entertainment is assured.

An old fashioned "basket social" will provide the refreshments and this will be followed by entertainment, carols and games. Each member has also been asked to bring clothes, money or concentrated food for European relief, instead of the usual gift exchange of members. The club members will wear costumes of the Nineties and new members will be guests of honor.

Long Distance calls reach all-time high on the Pacific Coast

Why there may still be a delay before your toll or Long Distance call is completed

Long Distance calls "spurt" upwards to almost a million a day.

Here the nation's entire war effort began to shift westward.

During most of 1945, calls rose at a steady rate.

The graph above gives a quick picture of the unprecedented increase in Long Distance calls that came in the last few months before the end of the war and has continued unabated ever since.

It also tells you why...even though we are making swift progress in bringing service back to normal...your Long Distance call may sometimes be delayed, or the operator may ask you to limit it to five minutes.

You can be certain we are doing everything possible to serve you courteously, quickly and well and to speed the day when we can again handle promptly any Long Distance call you want to make...anywhere.

You'll feel like singing...
IT'S "GOOD, GOOD, GOOD"

Here is a smart, new necessity for your home—this trim, slim, chromium-grilled electric heater for the bathroom. A snap of the switch and pours forth a flow of radiant sunny heat—out of a bath and stand by this full-length electric heater and you become wrapped in warmth from head to foot. These new electric heaters easily installed in the wall—safe, out-of-the-way and are sturdily built for a lifetime of service.

For any hard-to-heat room—a den, a basement room or workshop—you buy a modern quick-acting electric heater that plugs into a wall outlet or uses a money-saving thermostat heat control. These electric heaters' abundant heat in a few minutes.

Here is another wall-insert electric heater that is growing in popularity for bathrooms, bedrooms and dens, too. It's small in size but big in heat output and circulates and radiates heat in a hurry. And it will last-out the life of any home.

Come in and look over these modern electric heaters
